

2004 GSI Drying Systems Portable Dryer Price List

Effective: January 26, 2004

INTRODUCING THE L SERIES OF GSI DRYERS

- ◆ Network Dryer Controls Standard
- ◆ HI-LO Fire Burner for Even Plenum Temperatures
- ◆ GSI Moisture Manager Standard Equipment
- ◆ Pressure Dry/Vacuum Cool, Full Heat Continuous Flow or Pressure Dry/Pressure Cool Drying Modes for flexibility in the drying process
- ◆ Heavy Duty 4" meter rolls with variable speed DC Drive
- ◆ 29" Fold-up Wet Bin Standard on these dryers
- ◆ Extremely Quiet Low Speed Centrifugal Fan
- ◆ See pages 6 & 7 for specifications and pricing

Portable Dryer Price List

100 Series Pricing

All screens, augers, bearings and sheet metal parts are the same as the 1100 Series dryers.
Only the electronic controls are different.

100 Series System	Externally adjustable vaporizers
Full heat continuous flow or auto batch	Low speed vane axial fans with Blue Burn System on LP models
Dry and cool auto batch	Internal and external meter roll cleanout
Full safety control system	Heavy duty meter rolls and drive
See through control panel door	Solid dividers, every two feet
Load and unload auxiliary starters	Galvanized fan housing, control cabinet and auger housing
Waterproof controls	Perforated wet bin standard on all models
Solid state ignition	

Model Number	Electrical Power		Fuel	List Price	Approx Dryer Wt	Wet Bushels Full Heat		Wet Bushels Dry & Cool	
	Phase	Voltage				10 pt.*	5 pt.*	10 pt.*	5 pt.*

PGC PNEUMATIC GRAIN CLEANER

Benefits of the PGC include:

Removal of light foreign material occurs at the most optimum moment, when grain is in suspension.

Removing light materials improves air flow during storage aeration.

Removing bees' wings (red dog) reduces the potential of plugged aeration floors, elevator leg boots, heads, and distributors.

Removing some foreign material increases grain quality and reduces possible dockage at the elevator.

Low cost, low maintenance, high return.

Farm Fans PGC can also be adapted to other areas of the grain system to increase the cleaning potential.

Less bees' wings (red dog) and foreign matter around the drying facility results in a cleaner, more desirable working atmosphere.

Part Number	Description	List Price
PGC-01	Grain Cleaner Kit	\$1,618.00
002-1338-9	1.5 HP 1 PHASE 115/230 TE	\$430.00
002-1339-7	1.5 HP 3 PHASE 230/460 TE	\$430.00

Portable Dryer Price List

Transport Kit Policy

If the transport kit will be kept longer than the stated terms of the invoice, payment needs to be received. Upon return of the kit, credit will be issued. If payment is not made, a 1% per month finance charge will be the responsibility of the dealer. When returning the kit please include the invoice number the kit was billed on. This will help establish the credit more quickly.

Light kits are available for \$200.00 credit upon return only. We would like to encourage our dealers selling several dryers per year to purchase a set of kits.

Cancellations or Changes

\$100.00 is charged to an order for any change made during production and \$1000.00 charge is issued for a dryer order cancellation during production.

Dryer Trailers

Allowable length 45' 0"

Any combinations to = 45' 0"

Dryer Hauling Lengths

Model Length	Length
8	14' 9"
10	16' 9"
12	18' 9"
14	20' 9"
16	22' 9"
18	24' 9"
20	26' 9"
22	28' 9"
26	32' 9"
34	40' 9"
38	44' 9"

Dryer Freight Charges

The following freight rates apply to GSI dryer shipments from Newton, Illinois:

Pulled Dryers - For 18' or shorter dryer baskets, the delivery of a single pulled dryer will be \$1.55 per mile. For pulled dryers longer than 18' basket, the delivery charge will be \$2.10 per mile. (The recommended transport kit will be required on all pulled dryers)

Hauled Dryers - The delivery of any hauled dryer or dryers to a single dealership will be \$2.10 per mile per trailer load. (Note: Two dryers with a total basket length of 36' or less can be hauled on the GSI dryer trailer. Three dryers with a total basket length of 30' or less can be hauled on the GSI dryer trailer)

Hauled Dryers, Split Loads Between Different Dealers 150 Mile Radius of Each - The delivery of a dryer(s) combined with another dryer(s) from a different dealer will be \$1.25 per mile per dealership. (Note: Two dryers with a total basket length of 36' or less can be hauled on the GSI dryer trailer. Three dryers with a total basket length of 30' or less can be hauled on the GSI dryer trailer)
